

SAN FRANCISCO NONPROFIT SPACE STABILIZATION PROGRAM FINANCIAL ASSISTANCE PROGRAM GUIDELINES December 2017

The Northern California Community Loan Fund (NCCLF) announces the availability of technical and financial assistance to stabilize the real estate of San Francisco nonprofits. **Applications must be received by 7:00 PM, February 8, 2018 to be considered for the Financial Assistance awards. The online application system will shut down at 7:00 PM and applications will not be received. Applications submitted after 7:00 PM or deemed incomplete will not be accepted.** NCCLF encourages applicants to submit their applications before the February 8th deadline so that any technical problems that arise can be resolved before the deadline.

Launched in 2015 by Mayor Lee, the Nonprofit Sustainability Initiative (NSI) is funded by the Office of Economic and Workforce Development (OEWD), implemented in partnership with the Mayor's Office of Housing and Community Development, the San Francisco Arts Commission and other key partners, and administered by NCCLF. The underlying objective of the NSI is to ensure access to quality of life resources as well as education, health and human services for residents of San Francisco. In addition, it is intended to support and stabilize nonprofit businesses, which are a vital economic force in San Francisco, by helping them activate underutilized space, evaluate real estate opportunities and secure permanent affordable space.

The Nonprofit Space Stabilization Program (NSSP), a program of the Nonprofit Sustainability Initiative (NSI), has been allocated \$1.455 million over two years for technical and financial assistance to support nonprofits adversely impacted by the real estate market. Financial assistance is available to organizations that are facing permanent displacement¹, or have been previously displaced with lease renewals at significantly higher rates, or are facing barriers to growth due to real estate constraints. Organizations expanding into new sites may be eligible to apply. Financial assistance may be used for professional services (architectural, engineering, legal); rent stipend²; moving expenses; holding costs, tenant improvements³; and furnishings, fixtures, and equipment⁴. In Fiscal Year 2017 – 18, \$500,000 in grant funding will be available.

Priority will be given to nonprofit organizations that:

- Are deeply rooted in low-income and historically underserved community(ies)⁵ in San Francisco,

¹ "Nonprofits facing permanent displacement" occurs, when leases held by nonprofits are terminated, not renewed, or offered at market rate lease pricing, which is substantially more than what their current rent has been. Nonprofits that may be temporarily displaced due to building renovations and have a right to return at their current/affordable lease rate are ineligible to apply.

² Rent stipends of up to six months are available to pay the difference between an organization's prior and current rent. The stipend is only available to organizations that were previously displaced and have renewed or signed a new lease since September 1, 2016.

³ "Tenant improvements" are customized alterations made to the property for the specific needs of the tenant. These include walls, floors, ceilings, and lighting, among others. Tenant improvements tend to be fixed to the property and tenant cannot remove them when vacating the premises.

⁴ "Furnishings, fixtures, and equipment" (FF&E) are movable furniture, fixtures, or other equipment that have no permanent connection to the structure of a building or utilities. Examples of FF&E include desks, chairs, computers, electronic equipment, tables, bookcases and partitions.

⁵ Using both the Cultural Equity Endowment Legislation and the Grantmakers in the Arts "Racial Equity: Statement of Purpose," historically underserved communities include: African, Latino(a), Asian, Arab, Native American, Pacific Islander, LGBTQ, People with Disabilities, and Women. Using the Community Development Block Grant eligibility guidelines, a low- and moderate-income person as a member of a family that has an income equal to or less than the Section 8 low-income limit established by HUD. Organizations that exclusively serve the following groups, presumed to be low-income, may also qualify: Abused Children, Elderly Persons, Battered Spouses, Homeless Persons,

- Are facing significant financial constraints⁶ within the nonprofit sector but have secured recent public or philanthropic investment,
- Can demonstrate support for their efforts from multiple sectors,
- Clearly identifies how new clients and/or audiences will be acquired and existing beneficiaries served effectively by the proposed space including administrative or office space, and
- Can demonstrate evidence of planning to identify and mitigate financial risk⁷.

Grants will be made on a competitive basis based on the overall program priorities described above and the particular program criteria outlined below. Applications will be reviewed by a selection committee comprised of public and private sector leaders in the arts, social services, and philanthropy. We advise you to consider carefully and be realistic in your request amount to this initiative. The selection committee reserves the right to make exceptions to grant award amounts.

(For example, a Counseling Agency's primary clients could be youth receiving counseling services and its secondary clients could be family members that receive minor support services. For a Capacity Building Agency, primary clients could include nonprofit staff & board members registered for workshops and secondary clients could be clients served through the nonprofits that are supported.)

Click [here](#) for information on prevailing wage requirements and related costs. If you think your project may be subject to prevailing wage requirements, please contact NCCLF to discuss the program requirements and implications.
