Launched in 2015, the Mayor's Nonprofit Sustainability Initiative (NSI) is funded by the Office of Economic and Workforce Development (OEWD), implemented as a partnership with the Mayor's Office of Housing and Community Development, the San Francisco Arts Commission and other key partners, and administered by NCCLF. The underlying objective of the NSI is to ensure access to quality of life resources as well as education, health and human services for residents of San Francisco. In addition, it is intended to support and stabilize nonprofit businesses, which are a vital economic force in San Francisco, by helping them activate underutilized space, evaluate real estate opportunities and secure permanent affordable space.

The Nonprofit Space Investment Fund (NSIF), a program of the Nonprofit Sustainability Initiative (NSI), provides critical financial support to assist nonprofits in becoming owners of their facilities, and to expand the total amount of nonprofit-owned commercial space in San Francisco. To-date \$4 million has been awarded. It is anticipated that a minimum of \$2 million will be available for distribution in this round. NSIF grants can finance acquisition costs or an upfront payment for a long-term lease (55 year minimum) if the organization can demonstrate financial hardship exacerbated by the real estate market and urgency for the stabilization or relocation.

Priority will be given to nonprofit organizations that:
